

A trusted next step for clients navigating divorce, separation, or relationship loss

If you work with people through the hardest seasons of a relationship ending, you already know that healing rarely happens alone. We'd be honored to be a resource you can hand your clients, a place where the work you're doing with them can be reinforced by structure and a community of peers.

What it is

Rebuilding Seminars is a 10-week, therapist-led seminar that provides a stable base for your clients navigating the challenges of divorce or relationship loss. By combining structured recovery work with a supportive and long-lasting peer community, we foster the clarity needed for grounded, intentional decisions. It is a safe, effective complement to your legal, financial, or therapeutic process, helping clients move to confidence, alongside a supportive group of peers.

Who it's a good fit for

- Clients moving through divorce, separation, or a long-term breakup
- Those grieving the end of a relationship, including widowed adults
- People who feel stuck months or years later, not only those in active proceedings
- Clients who would benefit from structure plus a community of peers, alongside your care

Why colleagues refer to us

- **Licensed facilitators.** Led by Bob Manthy, LPC and Kathy Decker, MA, LPC. Clinical training, warm delivery.
- **Serving Colorado since 1993.** A 30-plus-year local track record on the Front Range, not a pop-up program.
- **3,000+ alumni.** Thousands of Coloradans have moved through this work and built lasting community.
- **4.96 stars, 293 reviews.** Among the most-reviewed, highest-rated programs of its kind in the state.
- **Structure plus peer support.** A clear 10-week curriculum and a supportive group, so clients aren't doing it alone.
- **Complements your care.** Rebuilding works alongside individual therapy, legal, and financial guidance. It doesn't replace it.

How to refer

The easiest path: have you or your client book a **free 15-minute consult**. It's a no-pressure conversation to see whether the timing and the fit are right, no commitment to enroll.
